The North Carolina Home Builders Association, the largest HBA in the nation with more than 13,800 member firms, offers a unique and exceptional value for your marketing dollars. Your participation and financial support is essential to ensuring that NCHBA has the necessary resources to effectively protect our industry. Housing plays a critical role in our economy and the need to keep housing affordable is key. An investment in NCHBA is ultimately an investment in your future ability to do business in North Carolina.

## Mission Statement:

***NCHBA, the voice of the North Carolina home building industry, is an association of building professionals and related industries working together to provide safe and affordable housing for the people of North Carolina. We protect the American Dream of home ownership through advocacy, education and professional business development.***

## EDUCATION

- Hosts the 21<sup>st</sup> Century Building Expo & Conference for members of the home building industry.
- Administers the North Carolina Builder Institute to allow builders and associates to achieve professional designations.

## NETWORKING

- Hosts quarterly meetings throughout the state to bring industry professionals together for networking and sharing of ideas and information.
