

Safety Program of the Year

At work with you.

Wednesday, November 5, 2025
Sheraton Imperial Hotel Raleigh-Durham
6:30 p.m. Reception
7:30 p.m. Dinner & Awards

ELIGIBILITY

You must be a member of the North Carolina Home Builders Association (NCHBA) to be considered for award. All award winner will be recognized at the STARS Awards Gala during the 21st Century Building Expo & Conference. All entry materials must be received by **July 15, 2025**.

Projects must have been completed between January 1, 2024 and June 15, 2025

STEPS TO ENTER

Carefully review all preparation procedures and judging criteria before submitting entry materials.

** All entries must be submitted electronically. File names should include category number and company name. All materials submitted become the property of the STARS Awards and will not be returned. Entry materials cannot be exchanged or modified after the final submission date.*

** Please ensure all digital files are high quality and in color when possible. All photos should be submitted as JPEG files. Any photos may be used by NCHBA and the STARS Awards for promotional purposes in the event your entry is a winner.*

JUDGING

Each entry will be judged on its own merits by a panel of distinguished individuals selected for professional expertise in the home building industry. Judges reserve the right to divide categories into sub-categories depending on the range of entries.

If there is only one entrant in a category it does not automatically receive recognition. The entry must have an average score of 70% or higher for consideration.

BUILDERS MUTUAL SAFETY PROGRAM OF THE YEAR

Category 69

Awarded to the builder or trade contractor who has developed, implemented and maintained a high quality safety program. The award will be judged on the following:

- Quality of the company safety program
- Management's involvement in the safety culture
- High level of employee or trade contractor involvement in safety
- Effectiveness of the safety program
- Hazard prevention and control
- Safety and health training
- New or innovative programs, practices, procedures or resources used to promote safety
- Unique program elements used to support and heighten safety awareness

Entrants must provide a project statement and submit responses to the following questions in paragraph form (350 words or less for each question). You are also strongly encouraged to include samples of any templates, materials, photos or programs you use in your safety initiatives.

1. Describe your company's safety program.
2. Why is your company's safety program effective and how is it unique?
3. Explain how your company's owner or manager supports the safety program and what involvement the employees play in the safety culture.
4. Explain your company's procedures to correct or control present or potential safety hazards on the jobsite.
